Re: 510 (c) Recommendation for Consolidation Coal Company, Emery  
Deep Mine, C/015/0015

As of this writing of this memo, there are no NOV's or CO's which are not corrected or in the process of being corrected for the Emery Deep Mine. There are no finalized civil penalties, which are outstanding and overdue in the name of Consolidation Coal Company. Consolidation Coal Company does not have a demonstrated pattern of willful violations, nor have they been subject to any bond forfeitures for any operation in the state of Utah.

Attached is a recommendation from the OSM Applicant Violator System for the Emery Deep Mine that states there are no outstanding violations.
